

FEAR LAB

TECHNICAL RIDER

MEMBERS:

- Sascha - Main Vocals
- Michael - Guitar 1 & Vocals
- Simon - Guitar 2
- Silvan - Bass & Backing Vocals
- Roman - Drums
- Nadine - Crew (Merchandise seller and Photographer)

MONITORING:

We come equipped with our own IEM-system and do not require on-stage monitoring. Stage monitors can optionally be used for stage sound.

INSTRUMENT AMPLIFICATION:

Amplifiers or cabinets are not needed on-stage, the band plays through modeling amplifiers.

DRUMS:

We can provide drum shells for the backline. Please contact us in advance if desired. Breakables like cymbals, stands, kick pedals and snare drums will not be shared. We use our own triggers/microphones for in-ear monitoring. Drum microphones for PA sound should be provided by the venue.

SIGNAL PATH:

All signals go through our splitter to the stage box for FOH via multicore-cable (see channel list).

STAGE REQUIREMENTS:

Enough power plugs to connect our racks and pedal boards, 2 microphone stands, space for a 1.5x3m backdrop. Bottled still water for all band members.

OTHER REQUIREMENTS:

Enough space at the venue for merchandise sales.

HOSPITALITY:

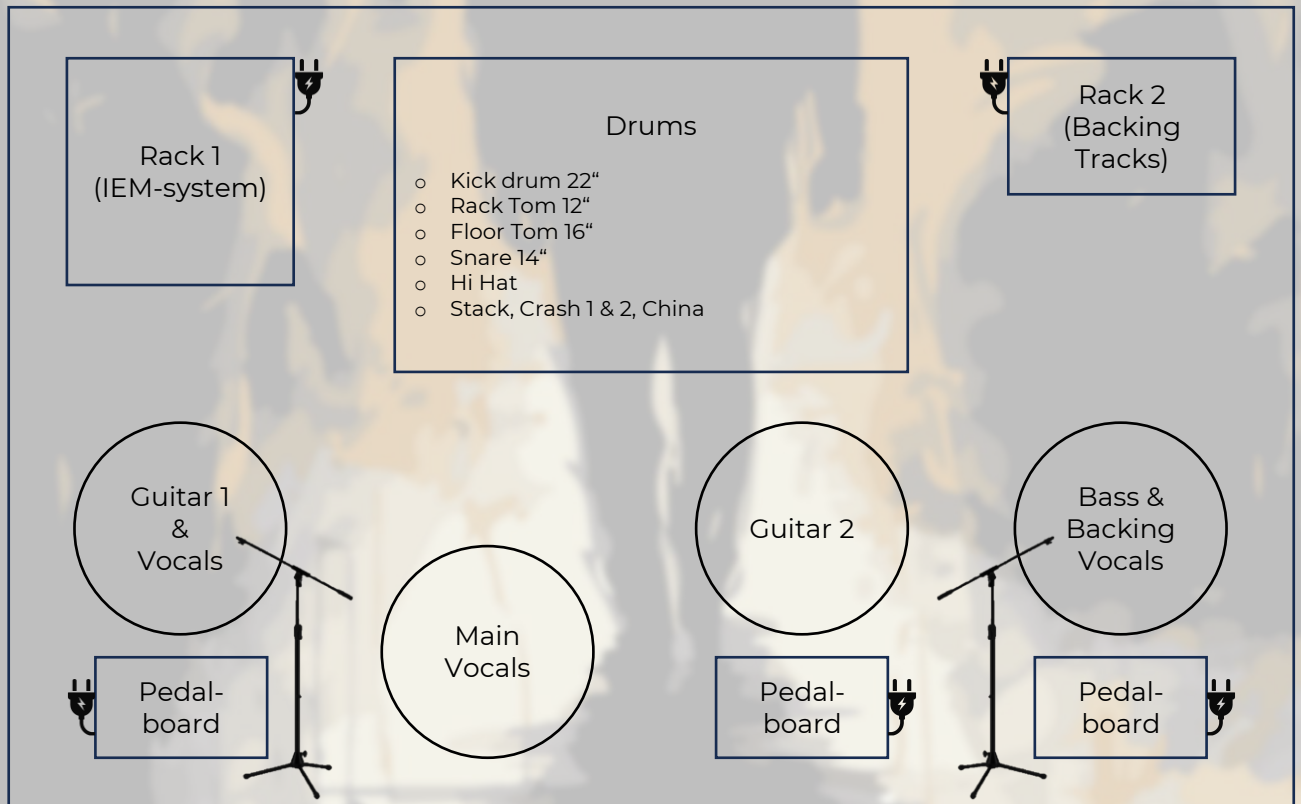

Please provide 3 vegetarian meals and 3 meals without restrictions.

FEAR LAB
